## Objectives

By the end of Fall convening, all districts will ...

- practice an equity-centered mindset to ensure design and execution of their Improvement Plan supports students most in need in the Challenge Area
- develop an Improvement Plan that will make progress toward their desired student aim between now and January 2020 that is informed by a focused and comprehensive understanding of the current reality of their system and student outcomes in the Challenge Area
- engage in collaborative actions and attitudes that leverage the expertise of individuals on their Improvement Team and other thought partners in the Collaboration
